OPEN DISCUSSION REGARDING VANDALISM AT MUSEUM: Discussion was held on the insurance claim for the vandalism. The claim was denied due to the lights not being listed as insured. The kids have paid the majority of the restitution which was \$250.00 each. Discussion was held regarding options to pay the remaining amount of the damage to the City. The parents of the children feel the children have suffered enough and have asked the City not to pursue the issue any more.
